## Senator Osburn's State University Bill.

Osburn's University bill, which has passed the Senate, provides for the establishment in the University of a school for the instruction of teachers. Shall also be taught chemistry, geology and mineralogy, so far as they relate to the theory and practice of mining, agriculture and the mechanic arts. Board of Regents to consist of five members; term of office, four years. Board prescribes for government of themselves and the University, for the reports of officers and teachers, course of study, time and standard of graduation, duration of terms, vacations, text-books, etc.; appoints a President, at an annual salary not exceeding \$5,000, who must show satisfactory credentials or indorsement from three out of a specified list of leading educational institutions in the United States; prescribes the duties of the President and fixes the salaries of teachers; controls expenditures and appropriations and all moneys received from any source whatever; must report annually to the Governor; may employ a clerk at \$25 per month, said clerk not to be a teacher in the University; must hold four regular meetings in each year and special meetings at the call of the Chairman. The President, under direction of the Board of Regents, shall manage all matters connected with the institution, employ assistant teachers and servants, purchase supplies, etc. There shall be no discrimination in the admission of pupils on account of sex, race or color, of good moral character, above the age of fifteen, educationally and otherwise qualified to be admitted.

Consumption is often only an indirect result of deranged kidneys. "Over two years ago I became a confirmed invalid. My friends all thought I was far gone in consumption. I was sure the time had well nigh come when I must leave my helpless little children motherless. With this dreadful fact staring me in the face, I resolved to try Warner's safe cure. My husband tried to dissuade me, thinking I was too far gone for anything to help me, but I took it, and in two weeks time I was like a new creature; and in four weeks I was able to resume my household duties"—at this writing I am perfectly well. Mrs. E. J. Wolf, wife of Rev. Prof. T. Wolf, D. D., editor *Lutheran Quarterly*, Gettysburg, Pa. If you write her, enclose a stamp, and she will tell you the story is true.

## Pleasures.

Good as gold—silver.  
Adam and Eve were both facts and fictions.  
What is done cannot be undone, especially if it is a hard-boiled egg.  
A man must go back on his ancestors when they do not come forward to him.  
When scriptural words fall from the mouth of a bad man, they are apt to be hurt.  
A little wood that needs sawing and splitting, will keep tramps from a gentleman's yard.  
No election result in this country is so bad as it might have been. It might have been Butler.  
Rev. Phillips Brooks believes it is the duty of every man to hope. The parson is right, and there is plenty of hoping room in the world.  
George Alfred Townsend is now occupied in weaving facts into romance. In his newspaper work he is noted for weaving romance into facts as easily as facts.

"That Miss Jones is a nice-looking girl, isn't she?"  
"Yes, and she'd be the belle of the town if it wasn't for one thing."  
"What's that?"  
"She has catarrh so bad it is unpleasant to be near her. She has tried a dozen things and nothing helps her. I am sorry for I like her but that doesn't make it any less disagreeable for one to be around her."

Now if she had used Dr. Sage's Catarrh Remedy, there would have been nothing of the kind said, for it will cure catarrh every time.

**Barthold's Statue of "Liberty Enlightening the World."**  
Will be a reminder of personal liberty for ages to come. On Jan. 21, a "Golden Medical Discovery" was placed, and it will stand through the cycles of time as a monument to the physical emancipation of thousands, who by its use have been relieved from consumption, consumptive night sweats, bronchitis, coughs, spitting of blood, weak lungs and other throat and lung affections.

### Building Up the Town of Reno

Has determined to offer two hundred fine building lots for sale, some of which are situated in the central part of town, and are very desirable for business purposes. A more perfect place for an elegant home could not be selected. The soil is good and an abundant supply of water will be sold with each lot. The health of the locality cannot be questioned, as its elevation assures a perfect system of sewerage. Gas mains will be laid through the streets free of cost, for the benefit of those desiring to use them. It is also intended by the owners to lay out a park on the south side of the Truckee river, covering 20 acres, in which the public may enjoy the pleasure of driving, fishing and boating.

The educational advantages of Reno are well known, and the business prospects of the town are assured beyond a doubt. Purchasers of these lots may feel confident that the best of terms will be offered, and they will be fairly dealt with. For further particulars, address

#### DISTRICT ATTORNEY BILL.

In discussing the subject of amending the law so as to provide for the election of three District Attorneys, the Austin *Reveille* says: The position of District Attorney is one of the most important trusts of the county, and his duties are as arduous and intricate as the other county officers; then why not have three Assessors and three County Clerks for the State? If the gentlemen in the Legislature believe that three Attorneys can do the work, it follows that three Assessors and three Clerks can attend to their departments. The State duties cannot be worked by the rule of three. Lander pays \$2,000 to her District Attorney at present; under this new bill she would pay \$1,500. Will the saving of \$500 compensate us, when we consider the inadequate jurisdiction which would result under this bill in the county? We invite discussion in our columns from our legal fraternity to give light upon this subject.

The Elko *Independent* adds: After giving the subject due consideration, and having discussed the subject with members of the legal fraternity and others, we have come to the conclusion that the passage of the act in question would not be in the best interests of the people, but it would prove a detriment to the administration of justice in the several counties of the State by depriving them a great portion of the time without the presence of that officer, in many instances when his presence is really necessary for the accomplishment of the ends of justice, and that it would not prove a matter of economy, as the bill provides for the payment of the traveling expenses of the District Attorneys in the performance of their duties, which in many, and perhaps a large number of cases, would exceed the amount saved in salaries.

#### EDITORIAL NOTES

There is taking active steps towards securing the Indian school, so it is necessary for her to secure the ground and erect suitable buildings, and the general government will support the school. The Indian Department has a large appropriation for the purpose and is anxious to support all the Indian schools in good style. The *Gazette* has frequently brought this matter before the people of Reno in order to arouse an interest in it. It is an exceedingly valuable school to whatever town gets it.

The Secretary of the Treasury yesterday transmitted to Congress the estimates of the appropriations for the fiscal year. The estimates detail the number of employees in every district, and their salaries, making the estimated cost of collecting customs revenues, \$1,730,000.

The Senate yesterday passed a communication from the President recommending that an appropriation be made to pay the widow of A. A. Hopkins, late minister to the United States in Mexico, an amount equal to that allowed the heirs of those who died abroad and in office.

A resolution was introduced in the Pennsylvania Senate yesterday asking Congress to pass a Constitutional Amendment for the election of U. S. Senators directly by the people.

After crossing and side walk provided for the school across the river. The mud is deep there and the children have a hard time getting in and out.

The *North German Gazette*, Prince of Wales's organ, speaking of the execution of the Red Cross Society, says the army may speedily receive its help.

#### A State Dinner.

WASHINGTON, January 21.  
The President's dinner to his Cabinet, the first of a series of state dinners of this season, took place last night. The White House was brilliantly lighted and decorated for the occasion. In the alcoves and niches of the different rooms, palms and other tropical plants were tastefully arranged. The decorations of the East room and State dining room, were especially beautiful. The choicest flowers, with a splendid dinner service, adorned the dinner table. Before and after dinner the guests promenaded the corridors and public rooms of the White House. Concert music was furnished by the Marine band. Mrs. Manning and Mrs. Vilas occupied places at the right and left respectively, of the President, and at Mrs. Cleveland's right was the Sec'y of State and at her left the Secretary of the Treasury. Senator Beck and Mrs. Slocum sat at one end of the table faced Commodore Harmony and Mrs. Good-year at the other end. The other guests were: Secretary of War and Mrs. Endicott, Secretary of the Navy, the Postmaster General, Secretary of Interior and Mrs. Lamar, President of the Senate and Mrs. Sherman, the Speaker of the House and Mrs. Carlisle, Lieutenant General and Mrs. Sheridan, Mrs. Harmony, Governor Fitzhugh Lee of Virginia and Mrs. Lee, John F. #### The Gallows Cheated.

WHITE PLAINS, January 21.  
Wm. E. Mead, aged 27 years, was murdered last night, being shot through the head, while standing on the stoop of his father's store in this village. Two men were seen running away from the store and immediately three policemen gave chase and overtook them. The fugitives then turned and ran back towards the village and hid themselves under a large stone bridge, but when found, they fired several shots at the officers and when about to be taken they shot themselves. Both are dead. No motive for the murder can be assigned.

#### Good Prices Realized.

NEW YORK, January 21.  
A sale under the direction of the executors of the late Samuel J. Tilden, of his horses, carriages, cattle and poultry began yesterday at the American Horse Exchange. There was a large attendance of his friends and dealers in stock. A lot of Jersey cattle sold at prices ranging from \$80 to \$250. A St. Bernard bitch dog sold for \$32; a Victoria carriage sold for \$550 and a land-aulet for \$500. Good prices were realized on most of the stock. The aggregate was about \$10,000.

#### Fine Steamer Sold.

NEW YORK, January 21.  
The reported sale of the steamship America to the Italian Government is confirmed. The agent of the company in this city has received a cablegram advising him of the fact. With the exception of the Anchor Line steamer, City of Rome, the America was one of the finest crafts in the trans-Atlantic service.

#### Idaho Protests.

#### The Boy Murderers.

The four Pinkerton men arrested last night for killing Thomas Hogan, a 16-year old boy, were arraigned in the police court this morning. Tom Sheely was pointed out as the one who killed Hogan. The court remanded the prisoners.

#### Congressional Proceedings.

WASHINGTON, January 21.  
After the reading of the *Journal*, the speaker stated that the regular order was the vote upon the adoption of the

Commerce bill. Butterworth asked unanimous consent to have a separate vote upon the fourth section, and also asked to have a separate vote on the commissioner feature, but Crisp of Georgia, objected to both requests. Dunham of Illinois, moved to recommend the bill to the conference committee, and Crisp raised a point of order against that motion. The speaker knew of no rule which authorized a recommendation of conference report, and sustained the point of order.

O'Neill of Pennsylvania, inquired whether there was any Parliamentary proceeding by which those gentlemen who were embarrassed by having to vote for or against an important bill without having an opportunity to divest it of all its objectionable features, could be relieved of that embarrassment, but no suggestion to that end was made, and the vote was taken on the conference report. It was agreed to; yeas 219, nays 41.

#### A Fatal Hotel Fire.

ST. PAUL, January 21.  
A New Westminster, B. C. special to the *Pioneer Press* says: The New Westminster hotel was burned yesterday morning, catching fire in an unknown place. It was so quickly consumed that three guests were burned to death. One is believed to be Campbell. The register and all valuables, including the baggage of the guests, were burned. The other guests escaped in their night clothes.

#### Nebraskan's New Senator.

LINCOLN, Neb., January 21.  
After an all night session last night, at 5:30 this morning a full Republican caucus unanimously nominated A. S. Paddock United States Senator, to succeed Van Wyck. There were 95 members. This settles the senatorial question in Nebraska, and Paddock was elected in joint session at noon to-day.

#### Looks a Little Squally.

NEW YORK, January 21.  
Father McGlyme's old parishoners intend to hold a meeting in the basement of St. Stephens church to-morrow morning, in spite of Father Dornelly's orders. It is believed that Dornelly will call on the police to protect it if necessary.

#### A Murderer Hanged.

AUGUSTA, Ga., January 21.  
Preston Valentine was hanged here this afternoon. Valentine murdered an old man named Velestia Vales, who was employed as night watchman at the stables of a street railway company of this city, to conceal a robbery.

#### FOREIGN DISPATCHES

#### The Irish Question.

LONDON, January 21.  
The *Daily Telegraph*, forecasting the contents of the Queen's speech, says that probably, simultaneously with the Proceedure bill, a measure for the better government of Ireland will be submitted, under which the Government will practically be given the power to proclaim the National League an unlawful association. The Government, the *Telegraph* says, will consult the Hartington party on all legislative proposals, and will introduce no measure without their consent.

#### Kaiser William on the Situation.

BERLIN, January 21.  
Emperor William yesterday received a committee from the upper House of the Landtag, and repeatedly thanked them for their loyal and patriotic assurances. He said: "You may repeat publicly throughout the country that I was deeply grieved by the vote of the Reichstag on the Army bill, but you have filled my heart with balm. We had shown the necessity for our demands and did not expect a refusal, because the new measure tended to diminish the danger of war."

#### French Affairs.

PARIS, January 21.  
The chamber of Deputies yesterday rejected two motions introduced by M. Bourneville, a Radical, for the abolition of the office of Chaplain, in the public hospital.

Premier Goblet opposed the motions of Admiral Ault, minister of Marine, that the war ships be constructed by private industry, on the ground that such a course would be calculated to ruin the national arsenals.

#### The Conspiracy Bill.

LONDON, January 21.  
It is learned that the Conspiracy bill will not be brought before Parliament until a chance arises to push it energetically through all stages. If the extension of the provisions of the bill to the whole Kingdom be opposed, the measure will be confined to Ireland.

#### A Heavy Failure.

LONDON, January 21.  
John Patton Jr. & Co., managers of the Monarch line of ship owners, ship and insurance brokers, have failed. Their liabilities and assets are both large.

#### Death of an English Lord.

#### Grain Prospects.

SAN FRANCISCO, January 20.  
A steady light rain has been falling since last night over the entire State. It is still raining at 9 o'clock to-night, with every indication of a continuance. The early-sown grain is looking well, and the late-sown crops will now rapidly improve. The *Bulletin* this afternoon publishes reports from every section in the State. They announce largely improved grain prospects and a satisfactory outlook.

#### Killed by an Indian Boy.

SALT LAKE, January 20.  
Word comes from Moab, Emery county, that an Indian boy, Joe Young, shot and killed William Gibson in a quarrel at a corral on January 16. The supposed quarrel was about a horse won by Gibson from Joe some time ago at cards. Gibson is said to have been a hard case, and to have served a term in the Penitentiary for nearly killing a young boy at a party.

#### A Masker Convicted.

SAN FRANCISCO, January 20.  
In the Police Court to-day, David Thomas, who was arrested for participating in the attack by strikers on the Geary-street car on the 27th of last month, was convicted of wearing a mask at the time, and was charged with misdemeanor.

#### "My doctor's bill for the past four years has not been \$10," writes F. C. Bailey of 30, South 9th street, Dayton, O. He had vertigo, indigestion, great nervousness, inflammation of the bladder, kidney diseases and bleeding piles. Eighteen bottles of Warner's safe cure permanently cured him, as he will tell you if you write and enclose a stamped envelope. Ask your friends and neighbors about Warner's safe cure.

## NOTICES.

A pair of spectacles lost. See 50-cent column.

Remember Upson's chestnut social at the theater this evening.

Before tackling the loading-house steak, lubricate your jaws by using St. Jacobs Oil.

The Eureka Sentinel says the wages of sin are just as high as when the days were longer.

Mrs. Alt will give another of her popular and pleasant social prize dances at Armory Hall to-morrow evening.

The Journal says that M. J. Curtis has bought a lot in Powning's addition, on which he is to erect a \$3,000 house.

The neat and inviting appearance of M. T. Barnett's grocery store, is pretty good evidence that he deals in none but first-class goods.

It is said to be hard to be a good Christian on a slippery sidewalk, but it is an easy matter to find just the kind of stationery you want at C. J. Brookins'.

By buying nothing but the best, and doing their butchering scientifically, Craig and Lievre are able to supply their customers with all kinds of the finest meats.

Isaac Barnett's auction does not interfere with Thomas Barnett's sales of all kinds of the best ladies' misses' and children's shoes, and men's and boys' clothing.

For the best of everything in the line of both fresh and salt meats, look into Jack Frazer's Virginia street market. His boneless cooked corned beef and sausage cannot be excelled.

Chicago dudes on parting, kiss each other, but the more sensible Reno youth confines his kissing to his best girl, after which he treats her to a plate of fresh Baltimore oysters, such as Leadbetter received by express last night.

E. Evans, president of the Lumber Exchange Bank, Tonawanda, N. Y., writes: January 15, 1886, I was entirely prostrated, and was reduced from 176 to 126 lbs. I thought I had inflammation of the large bowel. The pain was relieved only by morphine forced under the skin. My doctor treated me for inflammation and catarrh of the bowels, an affection sympathetic with disorder of the left kidney. I had distressing pain, with night sweats, and could keep nothing on my stomach, especially liquids, and was intensely thirsty. February 19 I was in intense agony with pain in my left kidney. I then began Warner's safe cure. In 20 minutes I was relieved. I refused the doctor's medicines thereafter. I finally passed a large stone from the bladder, then my pains ceased. If you write Mr. Evans, enclose stamp for reply.

## Levelock.

Grain is up. Barley brings two cents; wheat, 13, strong and scarce. John Reed had his leg broken by a runaway Saturday. Dr. Dawson set it.

Captain Cook has gone to Paradise and is working for Mr. McCurdy of the Paradise mine. There are 3,000 head of beef cattle here waiting for a rise. The storm did not get this far east.

The Bernice mill started this week, and Mr. Bothwell thinks he has a three-months run.

The nickel mines are shut down, waiting to hear from the board. George Lovelock is taking ore out of the Arabia for the Reno reduction works, and F. M. Howell the cattle man, is getting ore out of the Rye Patch. Some of his ore goes \$200 or \$300.

The nitre beds do not seem to be valuable. There is too much cost in separating the nitre from the dirt.

A good deal of baled hay is being shipped to Winnemucca and Battle Mountain. It brings \$12 on the car. About 15,000 tons of alfalfa was raised in 1886 and 3,000 tons of grain.

Sheep and cattle on the ranges are doing well.

J. H. Theiss has just completed a \$2,000 residence. He is below buying furniture.

D. Giroux of Winnemucca, who has the mortgage on the Oreana ditch, is at work taking the timbers out of the tunnel. The ditch and tunnel cost \$70,000 and are a total loss except 15 cars of timber used in the tunnel. It will be shipped to Eureka.

Mrs. J. T. Richey, 562 4th Avenue, Louisville, Ky., was a confirmed invalid for 11 years, daily expecting death. Doctors pronounced her trouble to be neuralgia, female complaint and every other known disease. For months her left side was paralyzed. Could neither eat, sleep nor walk. Finally the doctors gave her up. She then began to use Warner's safe cure, and November 18, 1885, she wrote "I am as well to-day as when a girl, and feel about 20 years younger." Warner's safe cure has worked a miracle in my case." Mrs. Richey will gladly answer stamped inquiries.

Ayer's Hair Vigor improves the beauty of the hair and promotes its growth. It imparts an attractive appearance, a delightful and lasting perfume. While it stimulates the hair, it cleanses the scalp and adds elegance to its texture. Its effects are enduring, and thus it proves itself to be the best and cheapest article for toilet use.

## PERSONALS.

C. C. Wallace came down from Carson last evening.

William Lemmon of Peavine left last evening for the lower country.

Dr. Dawson has been confined to his house by sickness for several days.

Colonel John Rosser and ex-Governor Adams went below last evening.

All coughs and colds that we endure, quickly flee from Red Star Cough Cure.

Mrs. Annie Gels, the mid-wife, has gone to Genoa on a visit, to be gone a few days.

J. L. Wines, the Eureka attorney, came in from the East on last evening's overland.

M. S. Bonfield, who has been visiting the State Capital, returned to Winnemucca this morning.

A. Otto, a Susanville worker in iron, arrived from below yesterday morning and left for home to-day.

Mrs. E. L. Buckingham, who has been visiting her husband at Carson, returned to the Bay last night.

Mrs. Sheyer arrived from Carson last evening on a visit to her daughters, Mrs. Morris and Mrs. Levy.

C. H. Stoddard arrived from Carson last night on his way to Winnemucca, where he goes to look after Indian war claims.

Frank Osblison, the old-time Comstock Superintendent, arrived from Colorado last evening on his way to San Francisco.

William Wells of the Paradise hotel, who has been making a trip to California and Carson, left for home on this morning's overland.

Assemblyman J. O. Twiss and wife of Lander, and Dr. Powell of Paradise Valley, left for their homes on this morning's overland.

Col. Joseph H. Thornton of Cincinnati, O., an honored war veteran, was for 18 years a victim of that old soldiers' complaint, chronic diarrhea. Two dozen bottles of Warner's safe cure restored his liver to health and cured his ailment. His daughter was very ill of an obstinate disorder, which the best physicians failed to relieve. She had also palpitation of the heart, intense pains in the head, nervous dyspepsia, and all her vital organs were involved. By three months' faithful home treatment with Warner's safe cure, alone, she was fully restored to health. That was two years ago. The cure was permanent. Col. Thornton will tell you it is true if you write him and enclose a stamped envelope.

## Ice Plenty.

Over 300 cars of ice have been loaded at Prosser Creek in the last ten days. Conductor Derbyshire has been in attendance with an engine to handle the cars. Sixty of them went east and the rest to California, Arizona, Texas, etc., for the railroad company. The ice is from 12 to 16 inches thick, and though it is a late season, yet the crop is good. The houses at Prosser Creek are full. They hold about 25,000 tons. Boca has 6,000 or 8,000. Cuba has a light crop, and the People's Company has not over half a house full. The Mountain Ice Co. hauled 66 car-loads down from Boca. Moody has put up none and Wicks none. The latter has five-inch ice. The pond is new and leaks, so that the current keeps it from freezing.

Mrs. Ruth Brown, Coldwater, Michigan, if you write, enclosing a stamp, will tell you that in July, 1885, she was suddenly paralyzed, and entirely blind, as her doctors claimed, from an enlargement and inflammation of the kidneys and liver. She was in an unconscious state for two weeks; face and body bloated, with agonizing pain; could not keep anything on her stomach; irregular action of the heart. Physicians pronounced her case incurable. Within a few weeks the paralysis left her; blood went down, enlargement of the liver subsided, action of the heart became regular, and she became well in three months and has felt in good condition ever since. Warner's safe cure did this amazing work for her and she will tell you so.

## "Called Back."

The Grismer-Davies troupe are great favorites among all theater-going people. They are now on their way from the East, where they have been playing to crowded houses, and where the press speak in the highest praise of both the company and the play of "Called Back," which they are to present at the Nevada Theater next Monday evening. Tickets and reserved seats at Thurston's news-depot.

## What True Merit Will Do.

The unprecedented sale of "Boschee's German Syrup" within a few years, has astonished the world. It is without doubt the safest and best remedy ever discovered for the speedy and effectual cure of coughs, colds and the severest lung troubles. It acts on an entirely different principle from the usual prescriptions given by physicians, as it does not dry up a cough and leave the disease in the system, but on the contrary, removes the cause of the trouble, heals the parts affected and leaves them in a purely healthy condition. A bottle kept in the house for use when the diseases make their appearance, will save doctors' bills and a long spell of serious illness. A trial will convince you of these facts. It is positively sold by all druggists and general dealers in the land. Price, 75 cents, large bottles. nov29/87

## The Perfection.

Of the age in the medical line is the old fruit remedy, Syrup of Figs, manufactured only by the California Fig Syrup Co., San Francisco, Cal. It is agreeable to the taste, acceptable to the stomach, harmless in its nature, painless yet prompt and thorough in its action. For sale by Wm. Pinniger, Reno, Nevada.

## Imprisonment for Debt.

They have a law in New Hampshire by which creditors can imprison a debtor for seven years, and at the end of that time lock him up for seven more years. Recently at Dover a prominent man has been incarcerated, and declares his intention of serving out his term. The creditors, by the way, have to pay the county for his board. He is said to owe them \$6,000, and at the end of seven years he will owe them interest, principle, and board not far from \$10,000. But then they "punish" him, and are willing to pay for the privilege.

Proprietor H. B. Kinney, Weldon House, Earlville, N. Y., was run down by overwork and threatened with Bright's disease, followed by stone in the kidneys and bladder, which produced intense pain and spasms. A council of physicians did him no good. He passed fresh blood from the urinary organs. Everything else failing, he was finally fully restored to health by Warner's safe cure, as hundreds of thousands of other acute sufferers have been. Don't take Warner's word for it. Write Mr. Kinney (enclosing stamp) and ask your friends and neighbors about Warner's safe cure.

## Dickie Jose's Success.

The New York World of January 9th makes the following complimentary mention of Dickie Jose, the vocalist: "For two weeks 'Papa's Footsteps,' by Wegefarth, has been sung at Dockstader's nightly and at the matinees, and has never failed to receive one and often several encores. It is sung by Mr. Jose whose voice is of the character denoted 'male alto,' and who hails from the Pacific Coast. It is a song which has 'caught on' to a remarkable degree, and the demand for which at the music stores is now enormous."

W. H. Rhodes, 118 E. Gay St., Columbus, O., in 1879, was taken ill with palpitation and neuralgia of the heart, consequent on diseased kidneys. "Horrible Dyspepsia" also afflicted him. He spent hundreds of dollars for relief in vain. He took 50 bottles of Warner's safe cure and was fully restored to health, gaining 70 pounds while using that great remedy. Write him and enclose a stamp. He'll tell you the welcome story.

## The Humboldt House.

J. H. Craigen is back at his old place in the office of the Humboldt House. He has spent the last six years in Iowa. The office has been improved by ralling off a large corner for the telegraph office. The parents of L. A. Blakeslie the landlord, and his sister, have been visiting for some weeks. The whole family have gone to California and will go from there to their home in Illinois.

## Rapid Beating of the Heart.

Whenever you feel an uneasiness in the region of the heart, a slight pain in the shoulder, or under the shoulder-blade, or when you find yourself short of breath when exercising, or your heart has periods of beating fast you have heart disease, and should take Dr. Plint's Heart Remedy. At drugists. \$1.50. Descriptive treatise with each bottle; or address J. J. Mack & Co., S. F.

## Notice!

Manning & Jacques have been commissioned by the Reno Gas Co., as a competent firm to do their gas-fitting, and the company would recommend parties having work of the above character to do, to employ only the best workman, thereby saving much annoyance and expense.

WM. THOMPSON, Supt. of Reno Gas Co.
